THE REXframe™ SYSTEM

REXframe™ components:

Reusable textile prints+ aluminium frame

REXframe™ profiles can be assembled in just a few steps and are available in a range of profiles or custom designed to maximise the use of your space.

The sturdy aluminium frame is assembled using a simple connector system and has the option of high powered LED lighting. The fabric prints have a rubber lip which is easily inserted into the frame. The elasticity of the fabric ensures a perfect fit.

The REXframe™ fabrics:

rich, vibrant, colourfast and machine washable
